

Dear prospective applicant,

Thank you for the interest you have shown in our current Headteacher Vacancy which will provide an exciting opportunity for the successful candidate. Building on the success of our previous Headteacher we are looking to recruit an inspirational leader who will continue to strive for excellence.

In our most recent inspections by Ofsted and SIAMS (2016) we were graded as Outstanding. We recently reviewed our Vision & Values to further our belief that these values are the foundation that build our Forsbrook family; that help us to strive for excellence and inspire dreams both now and in the future. (A copy of our revised vision and values is in the information pack)

Teachers have high expectations of what pupils can achieve and our lessons are creative and exciting. Our children are enthusiastic about their learning and enjoy being challenged.

Our Governing body is an integral part of our school environment, and we have excellent links with other local schools and organisations building a network of strong and supportive relationships.

We are looking for someone who can combine strategic vision and drive to take the school forward, with an approachable and caring nature, to help us build on our reputation for offering children with a wide range of backgrounds and needs, the very best start in life. The Governors are proud of the school's success and its Christian Distinctiveness. We are committed to promoting an ethos and culture of celebration, whilst providing a friendly and inclusive environment with a strong pastoral care system that values every member of the school community.

We strongly encourage you to visit our school prior to your application being made so you can see for yourself our dedicated team of staff and hard-working pupils.

Yours Sincerely

Christine Bratt

Chair of Governors
