

Training, Learning & Events Programme

Spring Term 2025

**A range of training, learning and events in the
Diocese of Lichfield**

**Developing Discipleship,
Encouraging Vocations and Inspiring Evangelism**

Dear Colleagues,

I am delighted to introduce the second programme of training, learning and events in our Diocese for the Spring term. It contains a range of events, workshops and sessions for both ordained, lay ministers, church officers, and interested disciples, offered by various parish support, West Midlands CMD, Lichfield Diocesan Board of Education, DAC, Finance and other training establishments.

We also have three new areas of training to offer this spring – Places of Welcome, Strengthening Communities and Enabling All, click on the links to find out more about who they are and how we can work together.

[Enabling All - Disability - Diocese of Lichfield](#)

At the beginning of the brochure, we have some training that will be coming in the Spring Term but has yet to be finalised at this time. This is so that you know it will be advertised over the coming weeks via the bulletin, social media and on our website.

There is a new 'Save the Date' section that I have added for training and events that are happening later in the year so don't forget to scroll to the end of the brochure for those.

I am seeking some feedback. If you have time, please do complete the online questions about what training you would like in the summer term. There are six questions in total. This is so helpful in knowing how best to enable and support you in your many roles and ministries across our Diocese. Thank you very much in advance.

Please do pass this on to anyone in your benefices who you think may be interested, not forgetting to sign up yourself!

In grace and peace,

JM Smith

College of Preachers: 'Preaching at Baptisms'

Tuesday 14 January

Christians understand the act of baptism to be a profound moment of change – the point at which one not only becomes part of the Church, but is also made one with Christ. Even for those who are Christian believers and regular church attenders, this can be a difficult concept to grasp. Those attending the ceremony of baptism, often not regular churchgoers, may have little or even no understanding of the spiritual significance of the rite they are witnessing. In this workshop, we will explore ways to communicate the meaning of baptism, drawing on relevant scriptural passages and the symbols used within the baptism service itself. We will also look at how baptism preaching can be evangelistic, an invitation to those present to start their own journey of faith.

The workshop will be led by the Revd Dr Jennifer Brown. Dr Brown is the Director of Training for the College of Preachers and a parish priest in the Church of England's Oxford Diocese, and has more than a decade's experience as a theological educator.

Diocese of Lichfield Spirituality: 'Soul Food'

Begins Tuesday 14 January

Soul Food – a course for anyone who wants to grow in responsiveness to God. With an awareness of some of the Christian prayer traditions, tutor's journey with participants to develop reflection (noticing the movements of the Spirit), an awareness of personality and prayer, and the use of silence, solitude, the Bible and our imaginations as helps to develop intimacy with God.

This course is about *doing* prayer. So a typical session will include time for prayer (using different ways of praying), personal reflection and listening to one another, as well as some teaching from the front. There won't be long essays to write; the 'homework' is to spend some time each day praying. There is no entrance requirement for this course other than a desire to grow in prayer. This is likely to be expressed in:

- A willingness to talk about your prayer life;
- A sense of (or desire for) community with other praying people;
- A commitment to attend all the course sessions.

Who is it for?

College of Preachers: 'Preaching the Story of Holy Week'

Tuesday 25 February

The events commemorated in Holy Week together tell the story of the last days of Jesus' earthly life and ministry. Dwelling in Holy Week helps us to understand the meaning of the cross and to prepare for the astonishing miracle of Easter. This workshop will explore the narrative that connects these events and consider ways in which our preaching through Holy Week can tell a coherent story of the journey to the cross, while still managing to be effective 'stand-alone' sermons.

The workshop will be led by the Revd Dr Michael Beck. Dr Beck has been a priest for forty-four years in a variety of settings: mainly parish but also five years in a major cathedral, as well as having been a police chaplain and a locum hospital chaplain alongside parochial work. He did his theological training at Kings College London and Lincoln Theological College. His main interests are in preaching and practical theology and he holds a Doctor of Ministry degree from Seabury Western Seminary in Chicago. Dr Beck was Director of Reader Ministry for Durham diocese for five years and transferred to Lindisfarne RTP when it was formed, remaining there as a member of the core staff until he 'retired' in 2015. He has since continued as a tutor for Preaching and Theology, Ritual and Pastoral Care as well as tutoring for the Lay Pastoral Ministry Course alongside a continuing active ministry covering for colleagues or with parishes in vacancy for Sundays and Occasional Offices. He has been a member of the College since 1980 and a tutor for over twenty years.

Supporting Children & Young People with Additional Needs and Supporting their Families

Monday 24 March

Supporting Children and Young People with Additional Needs

Most children's and youth workers want to include children of all abilities and needs in what they do, but many struggle to make this a reality. There are many different kinds of additional needs, and each one, each child, needs thinking about and planning for carefully. How can parents, churches, and children's/youth workers not only understand more about the children and young people they are working with, but also change the way they work with them so to be more inclusive and create belonging for all? This training session inspires and equips participants to bring about meaningful change.

Blessed are the Peacemakers – Reconciliation Workshop

Wednesday 26 March

Reconciliation, Peacebuilding, Difference and Conflict

An initial workshop to support and connect people who are actively exploring reconciliation, peacebuilding, difference, and diversity in their ministry or work.

Participants are welcome from any setting (parishes, schools, fresh expressions and chaplaincies). Does your work or ministry involve navigating conflict? Perhaps you seek to step beyond 'tolerance' into active encounter? You could be working towards reconciliation and justice within your church or community? Or maybe looking to give others the skills to navigate a complex modern world of diversity and conflict. Perhaps you've led the *Difference Course* or the *Unity* course and are wondering 'what next?'

This three-hour workshop will:

- Begin with Bible Study
- Explore some of the resources and initiatives available
- Hear from each participant about their experiences and aims
- Look for areas of future collaboration

Please note this is not a taught workshop and doesn't offer skills-building, although we will look at some of the resources people use in their work.

And it aims to give participants a constructive space to:

- Explore your own next steps
- Hear what other are doing
- Review resources
- Identify where collaboration might be effective

This is a one-off workshop, but we envisage it may become an ongoing resource for those working in the fourth mark of mission.

Who is it for?

People who are actively exploring reconciliation, peacebuilding, difference, and diversity in their ministry or work.

Participants are welcome from any setting (parishes, schools, fresh expressions and chaplaincies) and are likely to be people in leadership roles (including clergy)

Time: 10.00am-1.00pm (Bring your own lunch to share afterwards)

College of Preachers: 'The Language of Resurrection - Finding the Right Words'

Wednesday 2 April

How are preachers to speak meaningfully of the Resurrection in a time where informed opinion is 'led by the science', and many lives are troubled by a quiet desperation concerning humanity's future? Where are the words, images, and the silences between them to be found that honour scripture and tradition while also exploring new ways of conceiving the future hope that flows from the resurrection of Christ?

This workshop is for preachers wishing to engage with such questions in a secular age. Preparing for Holy Week and Easter provides the fitting, even urgent context, in which teaching and faithfulness to the word of God can be enriched by the fruits of theology and the creative imagination.

This workshop will be led by Rod Garner, Anglican priest, writer and theologian. Rod has served in four urban parishes and taught at colleges and universities in the UK and America. He is an Honorary Fellow at Liverpool Hope University and Emeritus Canon of Liverpool Cathedral. The author of numerous books, including biographies of St John Henry Newman and Josephine Butler, his most recent publication is *Outsiders: Marching to a Different Drum* (Liverpool Hope University Press 2022). His research interests have included theories of atonement, and the role of the urban church in the 21st century. He is a Tertiary Member of The Order of the Holy Paraclete.

Developing Ministry

**Residential 1: Tuesday 25 – Thursday
27 February 2025**

A formation-focused course for clergy and ministers of the West Midlands who want to develop their leadership in changing situations.

'Developing Ministry' focuses on formational development for ordained ministers in positions of primary responsibility. The course explores the dynamics of being a fruitful and godly Christian leader, viewed from practical, personal and theological perspectives.

'Developing Ministry' is particularly designed for those who are in the early years of their first post of primary responsibility. However, clergy at other stages of ministry also find it stimulating, refreshing and helpful.

'Developing Ministry' includes a blend of expert input, theological & practical reflection, and in-depth reflection in small groups. The small 'Reflective Practice Groups' lie at the heart of this course and continue to meet (either in person or online) between the residentials.

The course is structured around three residentials which are held in the attractive surroundings of the Stratford Manor Hotel, near Stratford on Avon.

'Developing Ministry' is hosted by the Rev'd Roger Latham of Worcester Diocese and the Rev'd Rob Harrison of Coventry Diocese, with additional input from specialist external speakers.

Who is it for?

This course is open to clergy and lay ministers in a post of primary responsibility. It is especially suitable for those who are in their secondary post responsibility roles, and who have been in post for at least eighteen months. It can also work well for those who have recently become team rectors or been given responsibility for a multi-parish benefice. Sector ministers have also participated in the course and found it very helpful.

Location: Stratford Manor Hotel, Warwick Road, Stratford-upon-Avon, CV37 0PY

Working with Change

**Tuesday 11 & Wednesday 12 March
2025**

'Working with Change' is part of a suite of three courses on the dynamics of leadership and pastoral relationships

This course offers time to reflect and develop our skills in change. We will look at our own responses to change before exploring different types of change and appropriate tools to work with each type. This will be a practical workshop covering the main models of change and the limits of each of them. We will be working with participants' current change projects and applying what we are learning to those situations.

This course is of a high calibre and has been greatly appreciated by previous attendees. In addition to the formal course structure and input, participants appreciate interacting with a range of other clergy and ministers in similar situations from other dioceses.

Please see the course website [here](#) for further information.

Who is it for?

It is intended for clergy and ministers who want to develop their ability to deal with change in their parish(es).

Celebrating Wisdom

‘Renewing Ministry for a Changing Church’

Monday 9 – Friday 13 June 2025

A course for Clergy and Ministers of the West Midlands who want to reflect on their vision for Ministry

This programme is more of a workshop/retreat that aims to encourage those with longer experience of ministry to step back and reflect on their journey, recognise and celebrate of the wisdom acquired. More than this it aims to enable the discernment of continuing vocation and gifts, to release energy and set free imagination for the discerning of God’s lead into the next stage of their journey as Ministers in Christ’s Church.

The programme involves:

- a regular rhythm of prayer and worship: Offices, Eucharist and Lectio Divina;
- personal reflection activities and exercises;
- facilitated group work - ‘Wisdom Groups’;
- space for rest and recreation.

The Wisdom Groups are central to the course, learning from experience and critical reflection upon life and our ministerial journey.

The course will be hosted by the Revd Kate Stacey with a highly experienced team of facilitators.

Who is it for?

The programme is for those in ministry with more than 10 years of ordained experience. It is particularly valuable for those wanting to ‘take stock’ and ponder the next phase of their ministry - whether its time to move posts, shift gear, or keep on keeping on. It provides a process for reflecting on vocation and discern the future. We have a maximum of 12 Participants on the course.

Outcomes:

By the end of the course, we hope you will have gained:

- renewal of energy for your ministry and discipleship;
- re-envisioning of your ministry in a changing Church;
- encouragement to offer your skills and experience beyond your context;
- (and perhaps, greater clarity about whether to stay, or to go!).

Time: The programme begins with lunch (1pm) on Monday 9 June and ends after lunch on Friday 13 June. **Participants are expected to commit to the entire programme to fully benefit from the programme.**

Venue: Holland House, Cropthorne, Pershore WR10 3NB

Germinate Leadership 25-26

Arthur Rank
Centre

CONFIDENT RURAL CHRISTIANS

What is Germinate Leadership?

Germinate Leadership is a unique programme for clergy and lay people developing their own leadership style. It fosters a collaborative, ecumenical approach and a culture of continuing personal and professional development.

There is no single way of being a leader and context will always shape the leadership that is required. The Germinate Leadership programme takes seriously the variety of rural contexts in which leadership is exercised and seeks to encourage and enable the development of creative, entrepreneurial and realistic leaders better equipped to engage effectively with local communities and encourage churches to be an effective Christian presence.

The rural church faces new challenges and new opportunities and will be enriched by a creative and entrepreneurial approach to leadership.

How does Germinate Leadership help in ministry?

The programme develops Christian leadership through engagement with leadership theory, theological reflection and practical leadership issues including conflict resolution, team building and group dynamics, collaboration between lay and ordained leaders, and the importance of deepening emotional intelligence.

What are the benefits of Germinate Leadership?

The 15-month programme includes three full-board residentials, and also comprises a 360° leadership appraisal, mentoring and work-shadowing. A variety of learning styles are used, and teaching incorporates wisdom and experience drawn from secular and church leadership spheres. The programme draws on lay and ordained leadership experience from across the denominations.

Over the course of the programme, participants create a portfolio and leadership development plan which encourage reflection on the programme and the setting of ongoing leadership development goals. These form the starting point for a professional dialogue with two senior Christian leaders at the programme's conclusion.

Germinate Leadership is delivered by the Arthur Rank Centre, the national organisation for the rural church.

The programme is overseen by an ecumenical steering group.
